Atliqo Revenue Before-After 5G

Revenue By plans

KEY INSIGHTS:

1. The five cities with the highest revenue performance are *Mumbai, Delhi, Kolkata, Bangalore, and Chennai*.
2. Conversely, the cities with the lowest revenue performance include *Patna, Coimbatore, Chandigarh, Gurgaon, and Raipur*. Therefore, the company should concentrate on these regions to enhance business outcomes.
3. Following the implementation of 5G, revenue has shown instability, exhibiting fluctuations during each comparative time period.
4. There has been a slight decline in user count after the introduction of 5G.
5. The plans generating the highest revenue are *P1, P2, P3, P4, and P11*.
6. The lowest from *P10, P9*.
